If you are legally entitled to use an absentee ballot for the bond issue election, you can now get one at the office of the Circuit Clerk in the court house in this city.

Cap Oliver in a full page ad on page 3 hereof has told readers the very heart of the bond issue deal; but, if there are any other questions about it, see or call Cap Oliver or Bill Fedric.

Our fellow-citizen, Mississippi Power & Light Co. had a lot to do with helping get McQuay Co. to locate in Grenada. Instead of causing the power company, I think we should brag on it, at least occasionally. It continues to be a 'good citizen' of Grenada, as is the gas company.

Byron Hunter kindly brought us a 3-page mimeographed story of the Heart Campaign, of which he is county chairman. We don't have room to print it, but, if you are interested, come around and read it.

As was to be expected, young John Throop of Water Valley was elected Tuesday as State Senator. As far as I know, only the officers of the election voted at all.

Major Dick Rule, an old Grenada boy who has been in the Air Corps a long time, was 'home' early this week. I can't keep up with Dick. One time I hear of him, he is in Syria, another time in North Africa, most recently helping out in the Pentagon, and now headed to Paris. It is a grand life, I know, and I hope Dick will have sense enough to stay with it.

About 25 cars filled with otherwise busy people of Holly Springs formed a parade in the interest of their fellow citizen, Fred Bush, and came to Grenada Tuesday. 2 pretty girls in this party visited the GCW and they were all out for Fred who should feel mighty good about such an endorsement by his fellow citizens.

See where Pvt. Syd Mullin has become Pfc Syd Mullin. Hope he will get another stripe soon.

Attorney General and subscriber J. P. Coleman spoke Tuesday noon to the Kiwanis Club, having been introduced by a fellow-Chocotaw County man, Marshall Perry. I am not sure he said so but it is generally understood he is smelling around in the 1955 governor's race. He also paid his subscription, we are happy to say.

The junior partner of the firm, Mr. & Jim, will speak here Friday night of this week at 8 o'clock in the public square. Come out and hear him, please.

Grenada's former 3-star 'law', E. M. Crumby of Memphis, visited Grenada early this week.

Andrew beat both me and J. Fred at Enid Tuesday: Andrew, 7; J. Fred, 4; me, 0.

We had to use every 'trick' in the printer's book to get in to this issue everything that HAD to go in.

A country newspaper like ours has a helluva time EVERY week. One week, it has to use 'fillers'; the next week, it has to omit ads.

Asked where fish are biting, Jimmie Pinney, WNAG's fish editor, replied they are biting themselves, he guessed.

Andrew, J. Fred and I are going to have to get Davies to help us locate some new fish beds.

Who remembers when Jim Lamb was erecting the sign for Homer Williams PIX theatre, and Hurd Horton (Mr. Crump) disturbed Homer a great deal by calling him and telling him the X was upside down.

Ed Underwood proudly tells the time of day to anyone who asks for it, now since his company, Brinly Plow Co., has given him a handsome engraved Hamilton watch for 45 years of faithful service to this Louisville, Ky. implement company. The grandson of the founder of the company sent a personal letter which Mr. Underwood treasures almost as much as he does the watch. Ed was salesman there under three generations of Hardy: father, son, and more bears were what they call big shots in that county from 'way back

Gov. Hugh White, Others
To Visit Grenada

Governor Hugh White and other members of the State Building Commission are due in Grenada today (Thursday) for purposes of looking over the areas set aside for state parks on Grenada Lake.

The parks, one for white and one for colored, were set up by authority of an act passed by the 1954 legislature under the sponsorship of Grenada County's two representatives, William Winter and Billy Semmes.

In addition to the state officials Colonel T. B. Simpson, District Engineer of the Vicksburg District, and members of his staff will be present.

Plans for showing the visiting dignitaries the areas are in the hands of the Reservoir Committee of the Grenada County Chamber of Commerce, under the direction of Juel Batson.

The white park will be located on the Old Orchard Bay section on the South shore of the lake approximately six miles from Grenada, while the colored park will be in the Carver Point area in the forks of the reservoir across the Graysport crossing.

Members of the Building Commission, in addition to Governor White, who were expected are House Speaker Walter Sillers of Rosedale, Representative Paul Measell of Union, Senator Hermes Gautier of Pascagoula, Senator Frank Turman of Horn Lake, and E. J. Yelverton, Secretary of the Commission.

Hardy Nall, State Park Director has been highly complimentary of the prospects for park development on Grenada Lake and is optimistic about the potentialities of the local park areas.

Grenada Golf News
(By Hugh Ketchum)

Ernest Penn, 1950 city champion, and J. A. Cooper, who moved here from Oxford this year, advanced to the finals in the annual City Golf Tournament at the Grenada Country Club Sunday afternoon. Penn gained the finals with a two-up victory over Epp Smith, defending champion, while Cooper defeated Lamar Chamberlain, 3-up. The 36-hole championship match will be played this weekend.

Penn had successfully beaten Henry Ray, Jr. and Donald Lockett to gain the semi-final round and Cooper had turned back Dr. C. K. Bailey and Hugh Ketchum.

Bob Bridges edged Henry Ray in a sub-par match to gain the final round of championship consolation play against Joe Neely Jr., who defeated Frank Gerard Bridges and Neely also are scheduled to play Sunday.

In first flight competition Julian Lockett gained the final round by turning back Forest Heath. Lockett will clash with John Lake, who already had moved to the final round with victories over Juel Batson, Ira Parks and Paul Lockett. Julian Lockett had beaten Joe B. Williams and Curlee Boone to reach the semi-finals. First flight consolation parlays will match Joe B. Williams against Tom Grant, the winner to meet the survivor of the Sam Simmons-Edwards Pryor match for the top spot.

Second flight finals will match Evans Pryor against Randy Holiday and second flight consolation will pit Lyn Walker against the winner of the Gordon Eoert-Bob Horton match.

GRENADA COUNTY "FARM WEEK"

Number 13 In A Series Of

—This Series Sponsored by Jinney-Jungle, Grenada.

If this is YOUR farm, you can get, without charge, a nicely mounted picture of the farm, but you must come to the Grenada County Weekly and identify it.

While you are in the GCW office, we hope to interview you and get a story, for subsequent publication, about this property and about your family.

If you need other photographs of the above, either the size shown, or larger or on postal cards, the GCW can, and will arrange for them. A reasonable charge, of course, will be made for these reproductions. Let us show you samples.

John Brewer, President Of Chamber Of Commerce Gives
History of Negotiations With "New Industry"

As President of the Grenada County Chamber of Commerce, I feel that it is my duty at this time to make a public statement of what I know and what I think about the coming bond issue.

I will begin by telling you how I selected the Industrial Committee which was successful in attracting this industry our way.

Mr. Oliver declined the chairmanship, but because of his wide experience I insisted that he serve as a member. Having been on the official Board of Directors for the two previous years, I knew something about the work that had been done.

Mr. Oliver, I. D. Boone, Sr., Donald Ross and Juel Batson to work with him. Later, I borrowed Juel and appointed him chairman of the Reservoir Committee.

In laying out a brief work plan, I asked that the Industrial Committee work with our local industries and help them with their problems and encourage expansion of their plants and ask them to help us attract other industry to Grenada that would not interfere with their operation.

Several months passed and it looked as if we were not getting anywhere. There were many prospects, so I suggested to the chairman that he and some of his committee go calling and personally contact several of the most desirable prospects, which they did.

One afternoon, Bill Fedric was advised by an executive of the Mississippi Power & Light Co. that representatives of McQuay, Inc. were looking for a location in Mississippi, so immediately they were contacted by telephone and asked to come to Grenada, and they agreed.

In Grenada, within a few hours they received more valuable information than they expected to receive in a week's time. The Chamber of Commerce was prepared to answer all questions about Grenada. The McQuay representatives appeared very pleased.

The next job was to check and double check McQuay, Inc., to learn if they were desirable and if they would fill our needs. The more we checked, the more we realized that they were most desirable and that they would fit into our economy, as they worked mostly men and their product was well and favorably known. They are the largest manufacturers of air-conditioning equipment in the U. S., and while their success has been outstanding, their future looks even more promising in view of the nature of their products.

After much negotiating by phone, we were asked to come to Minneapolis to visit them, which gave us the opportunity to learn more about their company and their operations.

This accomplishment has not come about by any one person or group. Let's give credit to all who have worked so hard. The Mississippi Power & Light Co. was the sparkplug that started us to work and which worked all the way through with us, and if it had not been for this company we would never have known McQuay, Inc. The BAWI Board, the City Board, City Manager, Mayor, Miss Employment Service, Miss Valley Gas Co., Board of Supervisors, Marshall Perry and every member of the Chamber of Commerce who has

paid dues has had a part in making this venture a success.

We must not forget our own industries who cooperated with us, Grenada Industries, Koppers Co., Phillips Lumber Co., Cathey-Willford-Jones, Binswanger Mirror Co., Grenada Oil Mill and all the other Grenada industries, too numerous to mention.

Now, it is going to be left up to the voters of Beat One to complete this job by voting for this bond issue which only means that we are signing a note so money can be had to construct the building for this factory to be paid for by McQuay just as Grenada Industries had paid for their building. It will not cost taxpayers of Grenada anything. Opportunity has again knocked at our door!

—John Brewer, President, Grenada County Chamber of Commerce

Eastland To Speak Here
Friday Night

United States Senator Jim Eastland will bring his campaign for reelection to Grenada, Friday night, July 16 with an address in the Square at 8 o'clock.

Senator Eastland, who was unable to fill his original engagement here last week because of the necessity of his being in Washington to participate in the voting on the agricultural price support bill, returned to the campaign trail this week with eleven speeches over the state.

Ranking fourteenth in seniority in the Senate and being a member of the all-important Agriculture Committee, the Senior Senator has played a vital role in protecting the interests of Mississippi farmers through price support legislation.

Grenada County owes him a special debt of gratitude for his work in setting an amendment inserted in the cotton acreage control law this year to give the county additional cotton acreage as a result of the flooding of a large part of the county through the construction of the reservoir.

The Senator is expected to review his record of twelve years of service in the Senate and in particular his record of work in behalf of Southern agriculture and his fight against Communism as a member of the Internal Security Sub-committee of the Senate, for which he has been accorded much praise throughout the nation.

Fork, I have seen daily newspapers start in field formerly served by a weekly, but this is the unusual case where a weekly newspaper enters a field already served by a daily. I will wait and see how everything comes out. I know this: the first issue was a very attractive, newsy one.

The years inexorably roll on. As a matter of fact the years have rolled on until Andrew Carothers is the senior member of the bar here, Dr. Frank Hill, the senior doctor and, as a matter of fact, I am the oldest newspaper man in Grenada.

Judge Henry Rodgers was in Grenada Saturday 'sounding the dockets' preparatory to the July session of Circuit Court. He sets the dates of cases to be tried, but, I understand, the dates are still very flexible.

Mrs. Patridge of Elliott dropped in Saturday afternoon and got us to put on as new subscribers, Mrs. Wm. E. Patridge of Elin AFB, Fla., and Mrs. Dan Patridge of Colton, Calif. The GCW continues to Get Around.

Fishing note: Andrew and I took J. Fred Austin and Earl Dennis, who were together in one boat, Friday afternoon. The score, J. Fred, 2; Dennis, 0. Andrew and I together caught about 10.

I don't know whether they smelled a blank paper coming up or not, but we got in a good deal of renewal

Boat Races Sunday At
Grenada Dam

Under the sponsorship of the VFW and in cooperation with the Grenada Boat Club, boat races will be held on Grenada Lake Sunday at 2 o'clock.

Any one wishing to participate in the races are asked to contact Stanley Mitchell in Grenada.

There will be eight racing heats. Prizes will be \$30, \$15, \$10, and \$5. Bill Morris is Commander of Grenada VFW post. No admission charge but booths will be set up and a free will collection made. The funds to be used as prize money and other expenses. Plan now to attend!

Mt. Nebo H. D. Club Met

Mt. Nebo Home Demonstration Club met in the home of Mrs. Price Jones Friday, July 9 with 7 members present. Devotional was given by Mrs. Garmar Mae Goodson. Club members answered the roll call with the name of a suitable picture to be used in the dining room.

Miss Bervil Elder, Home Agent, gave a demonstration on meal planning, using the 7 basic food guide. She planned a complete meal and cooked it in the broiler of the range. Delicious refreshments were served by the hostess, assisted by Mrs. Garmar Mae Goodson, Mrs. J. L. Moore of Gore Springs was present at the meeting. The August meeting will be a family picnic August 14 at 2 p. m. at the home of Sadye Clark.

Bragged One Time Too Many—

Sheriff Spas, Dave of Calhoun County, apprehended one arrested, an escaped convict, Verter, Eugene Goodson, age 26 at Vidalia, State Penitentiary on Saturday, July 10 and turned him over to Memphis Police Dept.

He was wanted in Memphis for armed robbery of about \$10,000 where he had worked about \$10,000 according to report here.

Goodson had been to what we call the Carroll County Gold Coast on Friday night and had bragged of his past crime record. Sheriff Spas was notified and when he entered Grenada County, he was arrested. He was driving a stolen Buick in Mississippi.

Johnson On Cruise

Midshipman 1st Class Irvin Johnson, Jr. left last week for Atlanta, Ga. to pick up his orders for a 2 months cruise, NROTC, on which they will embark from Norfolk, Va. this week. Irvin is a student at Georgia Tech.

The cruise will take 2 months with stops at Scotland, France and Cuba. His mother and sister, Claudia, and grandmother, Mrs. Claude Perry, accompanied him to Winston where he joined his friend, Fred Farmer of Jackson who is going on the same cruise.

money Friday and Saturday. Such folks as Fisherman Friedman, Retired Capitalist Jim Clift, ditto Bob Townes, Dentist C. K. Bailey and P. F. Fine Farmer, Lewis Duward Jr.

By the way, Bob Townes, who recently returned from a fine trip to Cuba and we here in this country don't know how good we have it. Here in this country, we not only have rich folks and poor folks but also intermediate folks (who constitute the bulk of the population). There in Cuba he reported, there are only two classes: the VERY rich and the VERY poor.

Wallace Lamon, like a bad penny showed up in Grenada Friday. He was vague about where he had been and what he had been doing away from Grenada. He spoke of South Mississippi and Mobile.

Delegates To H. D. Council at State

Mrs. John D. Tate, delegate from Grenada County, Mrs. J. E. Gray, Sr. delegate from Gore Springs and Miss Bervil Elder, Home Demonstration Agent of Grenada County are attending the full session at Miss. State College of State Home Demonstration Council, Monday through Friday.

On Wednesday a school bus filled with members, went to the meeting and on Thursday, Donald Skelton took a car filled with 4-H Club members. Several Grenada families went in their cars, to attend this splendid meeting.

Tommie Derris wanted to know if I wanted people to think that he was as 'cheap' (Tommie's word) as a certain tall laundry man here in Grenada. Tommie was talking about that 15c worth of minnows

oral testimony submitted by Mr. William E. Barkdale, Secretary, and the documentary evidence submitted by the Board of Supervisors of Grenada County, Mississippi, reference to which is hereby made and is ordered made a part of these minutes as though copies hereof in full, upon motion by Mr. Raymond Watson, seconded by Mr. William E. Barkdale, and unanimously adopted, Certificate of Public Convenience and Necessity No. 173 was ordered granted to Supervisor's District No. 1, Grenada County, Mississippi, the form of said Certificate of Public Convenience and Necessity to be as follows, to-wit:

Certificate of Public Convenience And Necessity

Before the Executive Committee of Mississippi Agricultural and Industrial Board in the matter of The Application of the Board of Supervisors of Grenada County, Mississippi, acting for and on behalf of Supervisor's District No. 1 of said County, for a Certificate of Public Convenience and Necessity for Industrial Development and Necessity for Industrial Development No. 173.

ORDER GRANTING A Certificate of Public Convenience and Necessity after hearing.

WHEREAS on the 18th day of June, 1964, the Board of Supervisors of Grenada County, Mississippi, acting for and on behalf of Supervisor's District No. 1, Grenada County, Mississippi, has sufficient resources, available labor supply, adequate equipment, and suitable financial condition, to permit said municipality to acquire some industrial enterprises without undue burden upon said municipality and the citizens thereof, reference being hereby made to all laws and records of the Board of such investigation in full, and as though copied herein verbatim.

NOW THEREFORE, the Executive Committee of the Board finds as a matter of fact that the natural resources, readily and economically available and obtainable in the territory of Supervisor's District No. 1, Grenada County, Mississippi, the available labor supply, the property taxes and the financial condition of Supervisor's District No. 1, Grenada County, Mississippi will permit and authorize said Supervisor's District No. 1 to have operated therein a plant for the manufacture of essential parts for refrigeration and cooling units that will employ not in excess of one thousand eight hundred and twenty (1,800) operatives.

The Executive Committee of the Board further finds:

1. That there are sufficient natural resources, readily and economically available for the operation of such a plant for the manufacture of essential parts for refrigeration and cooling units for at least twenty (20) years for which period of time bonds of the said Supervisor's District No. 1, Grenada County, Mississippi, may be issued under this Certificate, as hereinafter ordered;

2. That the available labor supply for each operative job in said enterprise in an area of twenty-five (25) miles of the proposed factory site in Supervisor's District No. 1, Grenada County, Mississippi, excluding labor, other than agricultural labor, already employed in said area, becometh after a full discussion of the ages of eighteen and fifty

is two thousand eight hundred (2,800), and that the number of operative jobs that may be established in said industry in Supervisor's District No. 1, Grenada County, Mississippi, is one thousand eight hundred and twenty (1,800), which will furnish more than one and one-half workers between the ages of eighteen and fifty in said area for each operative job in said industry;

3. That the total assessed valuation of all property in said Supervisor's District No. 1, Grenada County, Mississippi, according to the last assessment for ad valorem taxation, is seven million four hundred forty-two thousand twenty dollars (\$7,442,200.00), and that bonds may be issued in the sum of not to exceed one million seventy-five thousand dollars (\$1,750,000.00), which is less than twenty per centum of the total assessed valuation of all property in the said Supervisor's District No. 1, Grenada County, Mississippi; and

The Executive Committee of the Board, having from oral and documentary evidence, from hearings and investigation, determined all of these facts as hereinabove stated, does hereby order and direct the issuance of, and there is hereby issued, a Certificate of Public Convenience and Necessity to Supervisor's District No. 1, Grenada County, Mississippi, for the promotion of the general welfare of said municipality, and of the State of Mississippi, as declared in Chapter 241, Laws of Mississippi of 1944, for Supervisor's District No. 1, Grenada County, Mississippi, to acquire, to own, and to operate subject to the hereinafter limitations, an industry for the manufacture of essential parts for refrigeration and cooling units which said Certificate of Public Convenience and Necessity is issued, nevertheless, upon the following conditions, to-wit:

Grenada County, Mississippi, may in the discretion of the Board of Supervisors, Grenada County, Mississippi, issue bonds under the provisions of Chapter 241, Laws of Mississippi of 1944, for acquiring land and constructing a factory building for an industry for the manufacture of essential parts for refrigeration and cooling units not to exceed one million seventy-five thousand (\$1,750,000.00); said bonds shall mature as provided by Section 23 of said Chapter 241, Laws of Mississippi of 1944, over a period of time not to exceed twenty (20) years; not less than one-fifth of the total issue, to-wit, not less than \$350,000.00, shall mature in each year during the first five years of the life of said bonds; not less than one-twenty-fifth of the total issue, to-wit, not less than \$69,000.00, shall mature in each year during the next succeeding ten-year period of the life of said bonds; and the remainder of said bonds shall mature in approximately equal annual amounts; the precise amounts to mature in each year shall hereafter be determined, and the several amounts to mature during the first five years and during the next succeeding ten years of the life of the bonds may exceed but may not be less than the amounts hereinabove set out. Said bonds shall bear interest at a rate not to exceed four per centum per annum;

That it is specifically ordered that said bonds shall not be sold until a contract between the aforesaid municipality and an industry for the manufacture of essential parts for refrigeration and cooling units has been approved and signed by the Mississippi Agricultural and Industrial Board;

That for the payment of said bonds, as and when issued, and interest thereon, and for the creation of a sinking fund for the payment of said bonds and interest, as and when issued, the Board of Supervisors of Grenada County, Mississippi, shall annually levy and collect taxes upon the taxable property in Supervisor's District No. 1, Grenada County, Mississippi, in the sum and amount of principal and interest due during each year until said interest and bonds are paid, and shall fix an annual tax levy over said period of time for which said bonds are issued so as that said tax levy shall be substantially uniform throughout said period; and to further secure the payment of said bonds, the Board of Supervisors of Grenada County, Mississippi, may in its discretion mortgage or pledge the property used and useful in said Supervisor's District No. 1, Grenada County, Mississippi, for said industrial enterprise and any income derived therefrom pursuant to the provisions of Section 13, Chapter 214, Laws of Mississippi of 1944, and said municipality shall report annually to this Board relative to the collection of taxes and the payment of bonds and interest as provided by Section 13, Chapter 214, Laws of Mississippi of 1944;

That the said Board of Supervisors of Grenada County, Mississippi, may acquire for said industrial enterprise whatever land may be necessary for the operation of the aforesaid enterprise;

2. That the said Board of Supervisors of Grenada County, Mississippi, may construct on said land a municipal factory building containing sufficient square feet of floor space to meet the needs of such manufacturing establishment and to expend therefor not to exceed the sum of one million seventy-five thousand dollars (\$1,750,000.00), including the land on which said building is erected, but no part of said amount shall be expended for machinery or equipment to be installed for use in the operation of the industry to be located in such building, and said municipality shall not operate said industrial enterprise, but is authorized to dispose of, to lease or rent said land and building after acquisition and construction to some person, firm, or corporation on terms and conditions to be submitted to this Board for approval before any such contract or lease, rental and operation shall become finally binding upon said municipality, provided, however, if for any reason the plant

cannot be leased or said lease shall for any reason terminate, then the municipality may operate the same under the direction of the municipal authorities, authority therefor having been previously obtained from the Board;

3. That said Supervisor's District No. 1, Grenada County, Mississippi, for the purpose of the issuance of said bonds, and for the purpose of entering into said industrial development, shall fully comply with all the provisions of Chapter 241, Laws of Mississippi of 1944, and especially with Section 13 thereof;

4. That said Certificate of Public Convenience and Necessity shall expire on the 28th day of June, 1965, under the provisions of Chapter 241, Laws of Mississippi of 1944.

It is further ordered by the Executive Committee of the Board that the Secretary hereto be authorized and empowered, under the seal of this Board, to issue to Supervisor's District No. 1, Grenada County, Mississippi, a certified copy of this order as the Certificate of Public Convenience and Necessity for said Supervisor's District No. 1, Grenada County, Mississippi, to proceed in accordance with this order.

Adopted by the Executive Committee of the Mississippi Agricultural and Industrial Board, in the name of the Board of Directors and in accordance with the powers conferred upon the Executive Committee of the Board by a resolution adopted by the Board of Directors on February 20, 1964, in the City of Jackson, Hinds County, Mississippi, on the 28th day of June, 1964, after having been convened in special meeting said order having been passed by the following vote, to-wit:

"How Can You Keep Them Down On The Farm?"

Life is a lot more interesting nowadays for most people who live in Mississippi's rural areas. Since our farm homes and rural establishments have nearly 5 times as many telephones as there were just eight years ago, it's so easy to arrange church, school or social activities to fill everyone's spare time.

Besides, farmers are finding more and more ways in which the telephone helps make farming more profitable.

These are the reasons we're being asked to extend telephone lines to serve more and more of our State's rural areas — a big job, made even bigger by inflated prices on everything we need... But we're going right ahead — making rural telephone service better, more useful and valuable.

Jan. 1, 1945—8,335 telephones in Mississippi rural areas: Over 41,000 today.

the best possible service at the lowest possible cost

New, bigger load space! New, lower loading height!

New Chevrolet Trucks... do more work per day... more work per dollar!

You save on operating costs. The "Thrifmaster 235" engine, the "Loadmaster 235," and the "Jobmaster 261" (optional on 2-ton models at extra cost), deliver greater horsepower plus increased operating economy.

You save extra trips. That's because of extra load space. New pickup bodies are deeper... new stake and platform bodies are wider and longer.

You save time on deliveries. New truck Hydra-Matic transmission saves time and effort at every stop. Optional at extra cost on 1/2-, 3/4- and 1-ton models.

You save with lower upkeep, too. There are heavier

axle shafts in two-ton models, bigger clutches in light and heavy-duty models, stronger frames in all models.

You save hours on the road. Thanks to new high-compression engine power, you can maintain faster schedules without driving at higher maximum road speeds.

And your savings start the day you buy. Chevrolet, you know, is America's lowest-priced line of trucks.

Come in and see all the wonderful new things you get in America's number one truck.

Now's the time to buy! Get our BIG DEAL! Save with a New Chevrolet!

MCQUAY, INC.

Minneapolis, Minnesota

Really - A "Blue Chip" Industry

TO THE QUALIFIED VOTERS OF BEAT ONE, GRENADA COUNTY, MISSISSIPPI — AND ALL THE PEOPLE OF THE VICINITY:

Your Chamber of Commerce, through its Industrial Committee, has entered into an agreement, or contract, with McQUAY, INC., subject to approval by the qualified voters of the district, to bring to Grenada its manufacturing plant.

McQuay will have to have approximately thirty acres of ground with Manufacturing space, offices and warehouses to cover approximately 150,000 square feet of floor space.

It is estimated that this will cost, under our Balance Agriculture with Industry Mississippi Law, \$1,000,000.00 — or a little over.

Naturally, you would have to know about this good concern, before you would be in a position to vote for, or against, this bond issue.

Upon good authority, McQuay, Inc., under the present management, began a very successful career in 1932 and have built themselves up to where they are believed to be the largest manufacturer in the world of air-conditioning and heat-exchange equipment.

As you well know, heat and cooling conditioning coils and heat-exchange equipment, is almost in its infancy. It is said that the industry does not today reach more than 3% percent saturation point.

McQuay contemplates employing between six and seven hundred people within the next three years. They will employ mostly men and will require the services of engineers, draftsmen, stenographers, clerical help, time-keepers, welders, sheet metal shearers, spray painters, and people skilled in metalcraft.

Shortly, McQuay will establish a training school in Grenada at which instructors will give preliminary training in these skills to selected local employees. Certainly, it takes money and buildings to accommodate and pay good wages for this number of employees.

McQuay has, according to their own statement, and verified by their certified public accounts, almost a perfect and enviable record.

Below, we are giving you only a few figures actually taken from their statement:

For the Years Ending	1953	1952	1951	1950
December 31st:				
Net Sales	\$8,519,423	\$1,649,505	\$4,427,985	\$3,080,775
Income Before Taxes	909,749	280,118	330,564	\$3,381
Net Income After Taxes	245,749	116,618	164,664	69,110
Earnings retained for use in business	227,982	98,852	146,898	50,419
As of the End of the Year . .				
TOTAL ASSETS	\$3,812,613	\$2,930,447	\$2,741,965	\$2,416,518
On December 31, 1953:				
Statement Surplus —	\$1,335,664.79			
Total Capital Stock and Surplus —	\$1,958,062.29			

Consolidated Comparative Statement of Profit and Loss For The Periods: 1 January 1954 to 30 April 1954 — and 1 January 1953 to 30 April 1953

	1 Jan. 1954 to 30 Apr. 1954	1 Jan. 1953 to 30 Apr. 1953
GROSS SALES	\$1,159,709.45	\$2,067,216.48
MANUFACTURING PROFIT	717,151.91	664,367.46
Administrative and General Expenses	114,708.90	91,638.45
Operating Profit	602,443.01	572,729.01
Net Profit Before Income Taxes	450,432.31	441,809.25
Minn. State Income Taxes	7,500.00	11,300.00
Federal Income Taxes	245,500.00	285,200.00
NET PROFIT TO SURPLUS	197,432.31	145,309.25

While the above figures were quite convincing to the Industrial Committee of the Chamber of Commerce, frankly, the Committee knew that it would take more than money, land, and buildings to operate a manufacturing plant, such as McQuay's, successfully.

Therefore, the Industrial Committee composed of Bill Fedric, Chairman; L. D. Boone, Sr., Donald Ross and J. H. Oliver, went to Minneapolis and made as thorough investigation of physical assets and personnel as could be done within some twenty-four to thirty hours. — The unanimous convictions and opinions of the committee are as follows:

- (1) For the volume of business that is being done by McQuay, it takes tremendous inventories. Which we saw with our own eyes.
- (2) It takes a terrific investment in machinery, tools, etc. — which we saw and as far as we could tell were in excellent condition.
- (3) We saw hundreds of thousands of dollars worth of machinery, a great deal of which was automatic — and as far as we could tell it was in almost perfect condition.
- (4) We saw one of the nicest operations of any industry we had ever visited — including our own Grenada Industries, Armstrong Tire and Rubber Co., Natchez, Miss.; United States Stove Company at South Pittsburg, Tennessee; Keystone Steel and Wire Company, Peoria, Illinois; and other factories.
- (5) Their employees were all as clean as you could possibly expect in a metal working plant; they were courteous and obliging in every respect. Their labor works on a production basis, therefore, everything clicked like a clock.
- (6) Then, we met their Board of Directors, all of whom were present except one, and many of their department heads. Their directors were made up of seemingly, some of the best business men of Minneapolis, one from Florida, one from California, and one from Wisconsin.

This is an organization of comparatively young men — though seemingly, each and every one is qualified for their respective duties. Mr. R. J. Resch, their President, is fifty-seven years old, if we remember correctly — and the others all younger down to within 30's—20's.

We then contacted one National Bank in Chicago, and two National Banks in Minneapolis — all of whom gave us good reports about this good concern, as either bank in Grenada could give about any business in Grenada.

We then wrote to Kaiser Aluminum and Chemical Sales, Inc., of Chicago; Reynolds Metals Company of Richmond, Va.; Chase Brass and Copper Company of Waterbury, Conn.; Aluminum Company of America; Youngstown Steel and Tube Company, and others — all of whom are large suppliers of raw material that goes into the manufacturing of the different equipment manufactured by McQuay, Inc. Each and every one of these good concerns gave an unqualified statement to the effect that McQuay, Inc., purchases merchandise from them and has always met their obligations promptly — ranging from \$8,500.00 to \$76,934.00.

We have brought to you, to the very best of our knowledge and information, these facts to help you make up your mind whether or not you are willing to vote for a bond issue for \$1,075,000.00 as stated herein.

This will not cost Beat One — nor the tax payers — one penny. It will be paid back, as rent over a period of 20 years — not 25 years. While it will be a full faith and credit bond, it will be repaid — principal, interest, and expenses as required by law. Of course, Beat One will own the land and building until the debt is paid.

Your Committee is not suggesting to you what to do, but merely trying to give you the facts. It is the definite opinion of your Committee, and with almost everyone with whom we have talked, that Beat One, Grenada County, should not do less than its best to provide employment for its fine people, at good wages and under good working conditions, in Grenada and vicinity.

This whole matter will be brought to you more fully by word of mouth from many of your citizens before July 24th, which is the date of the election.

If, after you have fully investigated this matter, and you believe as your Committee does, won't you please see that every registered voter in Beat One goes to the poles and votes for this bond issue.

It certainly seems to us that we should not have a vote against this bond issue. Our company is possibly an average tax payer of our community. We are paying for this ad so that you will have the facts. You will make up your own mind and vote for, or against, the bond issue.

It seems to us, that if Grenada wants an industry we are exceedingly and exceptionally fortunate in making this connection.

FRED M. BUSH, JR. MAKES STATEMENT IN BEHALF OF CANDIDACY FOR CHANCELLOR

Fred M. Bush, Jr., 37 year old Holly Springs lawyer and candidate for Chancery Judge, has released the following statement to the people of the Third Chancery Court District:

"I would like to first express my deep appreciation for the loyal support of my many friends throughout this district, and to sincerely thank each of you for all the help that you are giving me in my race. I have campaigned extensively in each county and the response that I have received from people in all walks of life has been overwhelming. I say in humility and gratitude that with your continued support we are assured of victory.

This is a large Chancery Court District made up of Tippah, Benton, Madison, DeSoto, Tate, Pontotoc, Lafayette, Tallahatchie, Calhoun, Grenada and Montgomery Counties. I already have been in each county several times and will visit in each community before the election. I hope to meet and talk to as many voters as possible, but the size of the district and the short time available will make it impossible for me to see everyone. I hope that those I do not get to see personally will understand the reason, and that each of you will consider that my personal appeal for your support in my race and your vote of August 16th.

I am a graduate of the U. S. Naval Academy at Annapolis and the Law School of the University of Mississippi. For several years I have practiced law as a partner in the firm of Bush and Bush in Holly Springs. I have had a wide and varied experience in the legal profession, and feel that by my education, training and experience, I am well qualified to be Chancery Judge. It is only on the basis of my legal qualifications that I seek the office, and I ask no special favor because I am a combat veteran. However, I believe that the people have a right to know whether a candidate for public office has been willing to take his turn to serve in defense of his country. I was on continuous sea duty from before Pearl Harbor until after V-J Day and most of that duty was in forward combat areas. It is my hope that I may now be permitted to serve our people in peace as well as in war, and I will devote all of my time and energy to the faithful discharge of the duties of the office I seek.

I request your Chancellor, I promise that each person who enters my court will receive fair and equal treatment, regardless of who the lawyer in court may be, that I will carefully listen to all the facts, weigh the evidence impartially, apply the law without fear or favor, and in so far as I am humanly able I will render just decisions.

Sincerely yours,
Fred M. Bush, Jr.

The H. D. Club held its July meeting in the club room July 8. 18 members and Miss Bervill Elder, agent, were present.

The group sang and Mrs. Jack Clanton gave the devotional, reading Ps. 121. Mrs. J. E. Gray, 1st place county winner in the afternoon dress class, was selected to represent the club during Farm and Home Week.

Mr. and Mrs. Charles Trussell accompanied by Mr. and Mrs. Edwin McCormick, Grenada, spent the week end in Silver Springs, Fla.

Mr. and Mrs. Maurice Phillips and two sons have been vacationing in Florida for several days.

Rev. James Fancher of Harperville is a guest in the Rev. Gwin Middleton home while the revival is in progress at Pleasant Grove Church where he is the visiting evangelist. He is being entertained in several homes during the lunch and dinner hours.

Daphne Cohen has returned from a visit in the homes of Mr. and Mrs. Ernest Cohen and Mr. and Mrs. Herman Rothwell in Memphis.

A son, Thomas Miller Gillion, born Mr. and Mrs. Thomas Gillion on July 7th in Grenada Hospital, weight 9 lbs. 2 oz.

S. E. Gillion attended the Miss Federated Co-Op Association's annual meeting in Jackson July 9-9.

Mr. P. R. McMahon returned the early part of last week from Anna, Illinois and Port Campbell, Ky. where he visited Mr. and Mrs. F. C. McMahon and family. He was accompanied on the trip by Mr. and Mrs. Billy McMahon and son of Grenada. Mrs. Bannasewicz and children came home with them for a visit.

Mrs. R. N. Ferguson of Coffeeville, Ala. 2 underwent surgery July 10th in a Water Valley hospital. Mrs. Ferguson, the former Hazel Hendrix, is a graduate of Gore Springs Consolidated High School. Mr. Ferguson is a veteran instructor here and Mrs. Ferguson is secretary for the vets.

Mr. and Mrs. T. W. Cooley and son of Greenwood were recent guests of Mr. and Mrs. Roy Chamberlain and family.

Heath-Neely Vows Said In Church Ceremony Sunday

The wedding of Miss Nancy Sue Neely, daughter of Mr. and Mrs. Leland Gray Neely of Holcomb to Newton Earl Heath, son of Mr. and Mrs. N. Holland Heath of Carrollton, Miss., was solemnized Sunday at the Sparta Methodist Church with Rev. O. R. Lawrence of Moorhead officiating, assisted by Rev. Paul Fulton.

Glowing white tapers in cathedral candelabra and arrangements of white gladioli in floor standards with a background of ferns and pines banked the altar before which the vows were pledged.

Mrs. W. A. Billups presented a program of wedding music. "Through the Years" and "Because" was sung by Mrs. S. L. Moorhead. The traditional processional and recessional wedding marches were beautifully rendered.

The bride, given in marriage by her father, was gown in a dress designed of Swiss organdy. The bodice featured an off the shoulder neckline with bouffant waist-length skirt. Her finger tip veil of illusion fell from a lace cap and she carried a purple throat orchid on a prayer book.

She was attended by Miss Patricia Hinton of Jackson as maid of honor. She wore a frock of yellow embroidered organdy and carried a bouquet of blue carnations.

Mr. Heath chose as his best man his uncle, Mr. T. E. Spier of Greenwood. Ushers were Leland Gray Neely, Jr. brother of the bride and Charles Kimes of Greenville.

Mrs. Neely, mother of the bride, wore a gown of blue lace with a

croisage of white carnations. Mrs. Heath wore ecru lace with pink accessories and corsage of pink carnations.

A reception was held at the home of the bride's parents immediately following the ceremony.

The brides table was draped with an imported Irish lace cloth and centered by an antique stone cake stand which held the 3 tiered wedding cake.

Miss Elinor Gillis of Batesville cut and served the wedding cake. Punch was served by Miss Mary Hilma Wilson of Winona assisted by Miss Jane Rogers of Tupelo. Mrs. B. P. Camp of Skene presided at the brides book.

As the guests arrived they were met by Mrs. Wilsford and Miss Mae Neely, who presented them to the bride's mother and members of the wedding party.

After the reception the couple left for a trip to the Smoky Mountains. The bride wore a white linen suit with pink accessories. They will reside in Greenville, where Mr. Heath is connected with Southern Bell Telephone Co.

Out of town guests attending were: Mrs. L. J. Barkdale, Jr., Marks; Mr. and Mrs. B. P. Camp, Skene; Mrs. Cameron Clough, Mrs. George Sheats, Jr., and Mr. and Mrs. A. K. Sabin, Memphis; Miss Mae Neely & Miss Mary Watts, Charleston; Mary Hilma Wilson, Winona; Jane Rogers, Tupelo; Patricia Hinton, Jackson; Elinor Gillis, Batesville; Louise Marshall, Carrollton; Mrs. Harvey Campbell, Rev. and Mrs. G. R. Lawrence, Moorhead; Mr. and Mrs. R. F. Sabin, Mrs. S. M. Wilford, Miss Elizabeth Cassidy, Greenwood; Mr. and Mrs. W. L. Heath, Jr., Atlanta, Ga.; Mr. and Mrs. V. H. Spier, Arkabutla; Dr. and Mrs. David Rogers, Misses Susan and Melinda Rogers, Drew; Mr. and Mrs. W. W. DeLoach, Greenville; Mr. and Mrs. T. E. Spier, Mr. Barry Spier, Miss Brenda Spier, Mrs. Fannie Sharp, Greenwood; Mr. and Mrs. Robert E. Spier, Arkabutla; Mrs. H. L. Nunley, Carrollton; Mr. and Mrs. Thomas Smith, Arkabutla; Mr. and Mrs. Clyde Lee Smith and Miss Elizabeth Ann Smith, Drew; Mr. Marvin Tillman, Greenwood; Miss Sue Mullen, Jackson; Mrs. H. M. Frederick, Charleston; Mrs. Billy Rose, Greenwood; Mrs. Dick Long, Grenada; Mrs. Paul Bernhard, West Memphis, Ark.; Mr. and Mrs. J. H. Aven and Miss Ann Howard Aven, Greenwood; Mr. and Mrs. R. L. Moak, Jackson; Mrs. George Marshall, New Orleans; Mr. C. A. Kimes, Greenville; and Mrs. Bob Tesackerly, Yazoo City.

Summer flowers of bridal white combined with lacy greenery to furnish the decorations for the wedding home in Greenwood. The dining table was centered with an arrangement of stock, tuberoses and miniature chrysanthemums and the appointments were of crystal.

The feted guest, who was married to Newton Earl Heath of Carrollton, in an impressive service, at the Sparta Church, was attired in a blue linen frock, accented with seed pearl embroidery.

A delicious menu was served the honoree and her aunt, Mrs. Wilsford, and Mesdames L. G. Neely, C. C. Mullen, J. F. McRee, Helen Gibson, H. K. McMahon, Lawrence Moorehead and W. A. Billups of Holcomb; Mrs. Holland Heath of Carrollton; Mrs. W. L. Heath of Atlanta, Ga.; Mrs. T. E. Spier of Greenwood; Mrs. Ethel Marshall of New Orleans; and Miss Patricia Hinton of Jackson.

On Tuesday afternoon of last week the hospitable country home of Mrs. W. A. Mullin was the scene of a beautifully planned party honoring Miss Nancy Neely, bride elect of Newton Earl Heath of Greenville.

The home was decorated with colorful summer flowers, and the honoree was most charming in one of her trousseau frocks.

The guests each wrote a recipe in the bride's cook book. She also received a treasured gift from the groom, a beautiful Irish linen tablecloth with 12 napkins. The hostess

served open face sandwiches, small cakes and Coca-Cola.

The guest list included the honoree and her mother, Mrs. L. G. Neely and Mesdames Watsie Clark, Gene Blaylock, Clifton Martin, Clarence Head, Clyde Head, Frank Martin, B. B. Mullin, E. G. Mullin, Wilkie Fontville, W. D. Holoma, J. L. Carver, Sidney Martin, and Miss Polly Mullin.

Mrs. S. F. Hinton of Rechten, Mississippi is visiting Mr. and Mrs. J. W. Tanner. Mrs. Hinton and Mrs. Tanner are sisters. Mrs. Hinton attended Grenada College several years.

FRIENDSHIP H. D. CLUB MET

Friendship Home Demonstration Club met July 7 in the home of Mrs. W. E. Smith, Jr. Meeting was called to order by Mrs. Smith, vice president. Members answered roll call with the name of a suitable picture for a dining room.

Mrs. Bernice Caldwell gave the devotional. Health topic was discussed by Mrs. L. M. Tilghman. Mrs. W. E. Smith Jr. gave an interesting demonstration on meal planning, cooking a complete meal on the spot. Final plans were made for the annual summer picnic which will be held at Mrs. John Murchison's on August 20. Refreshments were served by the hostess assisted by Mrs. W. E. Smith, Sr.

LUNCHEON FOR BRIDE ELECT

The traditional motif of green and white was used for the luncheon, decorations when Mrs. S. M. Wilsford entertained on Saturday in honor of her niece, Miss Nancy Neely of Holcomb.

Capt. and Mrs. Walter Hylander and Walter III of West Point, N. Y. where Capt. Hylander was an instructor at the Academy, were guests of Mrs. Hylander's parents, Mr. and Mrs. O. R. Gunter this past week. Capt. Hylander left Tuesday for duty at a new post at Sandia Base, N. Mexico. Mr. and Mrs. Gunter will take Mrs. Hylander and son there in the near future.

PARTY FOR VISITOR FROM PENNSYLVANIA

Miss Mary Finkbinder, who is the charming young guest of Mrs. J. Marshall Frye at the Episcopal rectory for several weeks, was the inspiration for a very lovely afternoon party on last Friday.

The home was decorated with arrangements of cosmos and bachelor buttons. As the guests arrived they were greeted by their hostess and introduced to Mary.

In the dining room, Martha Grant greeted the guests and assisted with the serving of delicious refreshments which consisted of date nut bread, chocolate nut roll topped with tinted cream cheese, potato chips, fritos, chocolates, cookies and Cokes. The table was very lovely with lace cover centered by a blue violin shaped container filled with cosmos.

Guests present were the honoree, Miss Finkbinder and Misses Betty Blue, Sonies Deaton, Mary Leach Garner, Martha Grant, Pheland Houston, Sandra Matthews, Bess

Parks, Elizabeth and Josephine Neely Sandra and Patricia Paschal, Sandy Percival, Glenda Shipp, Marjory Stewart, Mary Hardy Bays, Judy Swetland, Becky Terry, Jojo Thomas, Clarice Townes, Shirley Whitaker and Karen Williamson.

Major Richard (Dick) Rule of Maxwell Field, Ala. is visiting his aunt, Mrs. Fred Griffin and family and great aunt, Miss Stelle Rollins here for several days before going on to a new assignment out west.

Mrs. F. T. Gerard left Thursday to spend several days in Memphis with her brother, Dr. Moore Moore.

Mr. and Mrs. Jack Townes and children are visiting their sister Mrs. Leon Suprum and family in New Jersey.

Mr. and Mrs. D. M. Taylor Sr. are visiting their daughters, Mrs. Jack Camp and Mrs. James McKee and families who are residing in the vicinity of Washington, D. C.

Guests this week of their mother, Mrs. Cowles Horton, Sr. are Mr. and Mrs. George McMurray and son of Jackson.

Mr. and Mrs. Ed McCormick and children and Mrs. McCormick's mother, Mrs. Meek Townes of Wynn, Ark. are guests of Mrs. Nan McCormick this week.

Mr. Orman Kimbrough Jr. of New York City visited his parents and other relatives here recently.

The following members of the Presbyterian Auxiliary are attending a 2 weeks Leadership Training School at Montreat, N. C.: Mesdames Frank Horton, Joe Thompson, Edwin Neely and Lamar Chamberlain. They are being sent by the Sunday School of the church as Teacher-Representatives of the several departments.

Little Paul Lee (Buz) Clanton, son of Mr. and Mrs. Paul Clanton of Pine Bluff is the guest of his great uncle and aunt, Dr. and Mrs. R. A. Clanton. Additional news is that Betty Burkley DeMarco of Memphis granddaughter of Dr. and Mrs. Clanton joined the Miss Youth Tour group here when one of the girls scheduled to go dropped out.

From the All Saints Episcopal Bulletin, we quote: "We welcome into our fellowship and worship, Mr. and Mrs. Tom A. Coleman from Holy Trinity Church, Carri o Springs, Texas Diocese of West Texas. Mr. and Mrs. Coleman are communicants, and have been transferred. We receive them joyfully, and open to them the door of the church and our hearts." — Ed note: Mr. and Mrs. Coleman reside south of Grenada in the Kenneth Youngblood residence.

SEEN, HEARD & TOLD BY THE EDITOR

We cannot but speak the things which we have seen and heard—Acts 4:20

I saw a heading thing at Enid Lake Sunday afternoon. A big cabin-cruiser type of motor boat was tied up at a big gum tree in the lake. Beside the boat, but in the shade, I saw two fellows, said to be from Charleston, free state, up to their necks in water, but drinking cold bottles of beer. Whose boat it was I don't know, but when it left the shade of the tree, it took off to the north side of the lake. Those preachers in Charleston should look into this.

Abe Isenberg of Grenada and Charleston, but now living in retirement in Los Angeles, came back 'home' last week and has been monkeying around with his brothers, Merch, Tooe and Meyer ever since. Poor little Tooe is about the only one of them who even pretends to work these days.

Up at the Barren Coffee Shop the other night, I found out that they had sorter banished Keene Haffington for a month, but Keene said that, in a spirit of self discipline, he had banished himself from that cool, comfortable place, but that his self-imposed sentence is over now.

Lloyd Hopwood in Chicago sent in

\$1.50 for another six months' treatment. I don't know much about Lloyd but there is a nest of Hopwoods in Carroll County.

Mabel was with the Selters, where Mabel was to notarize some papers. She reported that crops along Red Grass, particularly the corn on the J. W. Bowen land was in fine shape. You see, Mabel is a farmer at Ox-berry, looks at the almanac and prays for rain like other farmers do. I don't think she thinks too much of what farmers call the 'signs' of the Zodiac.

Walter Hylander, Jr., his lovely wife, one of the Gunter gals, and little boy dropped in Monday to renew and to change their mailing address which now is Albuquerque, N. M. I think they left their new baby with grandmaw Gunter, whom they are visiting. They have been in West Point, N. Y. where Mr. (then Capt.) Hylander was an instructor.

Sunday afternoon on our weekly fishing trip to Enid, Tommie Darras, handicapped L. Friedman and me five fish in a bet we made about who would get the least number of

fish. Taking the handicap into consideration, Tommie lost the bet. None of us did anything to brag on but the end result was Tommie 3, me 3, Friedman 2. The Misses Knox got all the fish.

Our cat Buckingham has been smelling like a cotton field over the week end. He had been troubled with fleas, so Whyte Jr. gave him a good dusting with bell wail poison.

T. J. Woffard of Slate Springs came in Monday and paid his dues; and speaking of Slate Springs, Cadillac Farmer Pryor paid up for another Slate Springs subscriber, A. C.

Black, some time ago.

I could write a long-winded editorial on the subject, but will reduce what I want to write to this, and it is directed to our many Negro friends: Don't try to go too far, too fast, else you trip up as did your predecessors back in the 1870s.

I don't necessarily follow Cap Oliver in everything he says or does, but, usually, in matters like the impending bond issue for the new in-

dustrial I do talk to him personally and often, as in the current case, take my cue from him. Cap is 100 percent for this deal and so am I.

In my opinion, the only thing that could or would cause Grenada to lose this bond issue, might be the apathy and indifference of the voters - in other words, failure to vote.

"Farm of the Week" - Last Week

—This Series Sponsored by Jinney-Jungle, Grenada.

The farm headquarters pictured a-ther and two sons. As is to be expected, Mr. Martin is a member of page last week, and once known as the Mister Place, is owned by Mr. and Mrs. Beauford Martin of Beat Two. The place was once known as the 'Gas' Peoples place, but the first house occupying this site was built by Henry Tindall, who now live in the delta. The place has been owned and occupied by the Martins for the past 10 years. It was quite 'run-down' when first bought, but Mr. Martin has been building and rebuilding ever since, reconstructed the home and barn, had some bulldozer work done on a big ditch, put the whole place under fence - some cattle fence, some hog-tight fence, built a brand new tenant house, dug some wells, established several acres of permanent pastures and a host of other things to improve the property. The family consists of father, mother and two sons. His place has an allotment of 20 plus acres of cotton, and he also has corn, hay and potatoes. At this time, he has about 35 head of cattle and over 30 head of red hogs and, as stated elsewhere, has fenced most of his place to care for the grazing of the animals. This place is located on Buckputter Creek, one of the many tributaries of the Yalobusha River. This place and the Gene Gillon place join on Gillon's south side. It is, of course, south and east of Beat Two's capital, Gore Springs. One of the Worshams first told Mr. Martin (an old subscriber who got sorter delinquent) about the picture Mr. Martin forthwith came in Saturday morning, claimed his picture and got back into good shape on the mailing list, also got several copies of the GCW to send to his scattered folks.

Book to Grow By

Lesson for July 18, 1954

EVERY living thing needs food, whether it's a speck of a creature too small to see without a microscope, swimming around in ditch - water, or an elephant. Plants need it; animals need it; man needs it; but man's more than a body. If all you feed is your stomach, all you will ever be is an animal. Man has a character, he has a mind and spirit. Man needs food for his character, his mind and spirit, just as much as he needs it for bone and muscle. Now the Bible is food for the growing Christian, we have been told that a hundred times by preachers, and it is true. But no food does you the slightest good if you leave it on the pantry shelf or in the freezer. Some people's Bibles are so to speak in a deep-freeze, and stay there. No wonder some people's souls are thin.

'From Childhood Acquainted...'
Most people, when they are grown up, like the foods they learned to eat when children. If you never learned to eat rhubarb, or hominy, or squash, or oysters, when you were little, you aren't going to be very fond of them, probably, after you are grown. It is exactly the same way with the Bible. As a rule (there are exceptions, of course), the Christians who get the most out of the Bible are those who, like Timothy, were "from childhood acquainted with the sacred writings." The first and best start toward knowing the Bible and loving it and getting the most out of it, all your life, is to learn it and memorize it when you are small. (By the way, it is never too late to begin committing Bible passages to memory.) The best thing Christian parents can do for their children is to see that they are as familiar as possible with God's book, the book to grow by.

A child will not understand all he memorizes, of course; but he will be laying the foundation for understanding in later years. Then a child can learn, and Juniors in the church school are usually taught, how to find things in the Bible. They learn the books in order; they know what is poetry and what is history and what is Gospel, and so on. They can learn to find their way around in the Bible, so to speak, and this is a tremendous advantage later on.

Study is Hard Work

It cannot be too often repeated: Growing calls for effort. Maturity never comes without struggle. So with the Bible. Food for the soul, food for the character it is; but it cannot be simply absorbed like salt in hot water. If we are to grow by this book of God, we have to study it, not just read it. A few verses read at the sleepiest time of day are better than no verses at all; but real Bible study calls for more serious effort. If the reader is interested, he should ask his pastor to recommend some books that his denomination would approve, to help the serious student to get a more thorough understanding of Scripture. A Bible dictionary, a Bible atlas, and if possible a one-volume commentary on the Bible, are basic helps. Many churches publish day-by-day booklets with Bible passages for every day, and these are useful for devotional hours; but they are often hop-skip-and-jump in the use of Scripture and do not always give the kind of help needed (for example) in studying some particular book like Job or Romans. Certainly every Sunday school ought to make it possible for every teacher to own or at least to borrow the helps needed for a real study of the Sunday school lessons. The reason why so many Christians get so little out of the Bible is simply that they won't put enough time on it.

'Live Wires in an Old House'

One of the most helpful translators of the Bible in our times, J. B. Phillips, whose "Letters to Young Churches" has helped so many to understand Paul's letters, says that in his work as a translator he has often felt like an electrician installing fixtures in an old house and finding live wires everywhere. The Bible is an ancient book; but it is a living book. The writer to the Hebrews thinks of it not as bread but as a sword. The Bible does more than comfort and strengthen us; it challenges, rebukes, startles us by its divine insight into our darkest hearts. We never grow by the Bible if we are never made ashamed by it.

Whereas, the Board of Supervisors of Grenada County, Mississippi does now affirmatively find and adjudge that all findings of fact in said Certificate are true and correct and that it is for the best interest of Grenada County and of said Supervisor's District No. One of Grenada County to issue the bonds of said District in the sum and amount of One Million, Seventy Five Thousand (\$1,075,000.00) Dollars, for the purpose of acquiring, owning, operating and/or leasing to a reputable and solvent manufacturing concern, providing a payroll and income for citizens of Grenada County and of said District and surrounding territory, a manufacturing building and facilities to be as provided in said Certificate and as mentioned hereinabove; and

Whereas, by said Certificate the Mississippi Agricultural and Industrial Board has under the terms of said Act affirmatively found that the said Supervisor's District No. One of Grenada County is entitled to come within the provisions of such Act, and has issued said Certificate of Public Convenience and Necessity as above quoted; and

Whereas, in said Certificate the Mississippi Agricultural and Industrial Board has fixed the amount of said bonds to be issued in the sum of One Million, Seventy Five Thousand (\$1,075,000.00) Dollars, and has determined that the amount of taxes necessary to be levied and collected annually to retire said bonds shall be an amount of not less than the amount of principal and interest due during each year until said bonds and interest thereon are paid in full, and has fixed the maturity dates of said bonds in series over a period of time not to exceed twenty years as set forth in said Certificate; and

Whereas, the said Supervisor's District No. One of Grenada County is desirous of coming within the provisions of said Chapter 241, Laws of Mississippi of 1944, and of issuing the bonds pursuant thereto and of entering upon industrial development in accord with said Certificate issued to said District by the Mississippi Agricultural and Industrial Board;

NOW, THEREFORE, BE IT RESOLVED AND ORDERED, By the Board of Supervisors of Grenada County, Mississippi, that said Board does hereby declare its intention of issuing bonds of said Supervisor's District No. One of Grenada County in the aforesaid amount of One Million, Seventy Five Thousand (\$1,075,000.00) Dollars, which amount this Board finds and adjudicates, as set forth in the above quoted Certificate will not exceed twenty percent of the assessed value of the taxable property of said District, as provided in Chapter 241, Laws of Mississippi of 1944, and that such bonds shall be issued for the purpose of acquiring, owning, operating and/or leasing as set forth in said Certificate a manufacturing building and lands and facilities necessary therefor, said industry to be of the type that manufactures essential parts for refrigeration and cooling units, a manufacturing building and plant, for said Supervisor's District No. One, as a District enterprise?

BE IT FURTHER RESOLVED AND ORDERED, that the election commissioners of Grenada County and the Clerk of this Board are

hereby called upon to give not less than three weeks notice of an election to be held on said proposition, by publication of this order, such notice to be by publication in a newspaper published in Grenada County and in said District One thereof, as provided by law, for three consecutive weeks preceding the date of the election, which said election shall be held on the 24th day of July, 1954 at all precincts and polling places in said District One, at which election all qualified electors of said District may vote; and said election commissioners shall prepare ballots which said ballots shall have printed thereon substantially the following:

"Shall the bonds of Supervisor's District No. One of Grenada County, Mississippi, be issued in the amount of One Million, Seventy Five Thousand (\$1,075,000.00) Dollars for the purpose of acquiring, owning, operating and/or leasing to some reputable concern (said concern to be of the type that manufactures essential parts for refrigeration and cooling units), a manufacturing building and plant, for said Supervisor's District No. One, as a District enterprise?"

For the Proposal — ()
Against the Proposal — ()
BE IT FURTHER RESOLVED AND ORDERED, that the said election shall be held as for as practicable in accordance with the laws governing elections in the State of Mississippi and the laws regulating elections held pursuant to authority granted in the aforementioned Chapter 241, Laws of Mississippi of 1944; and said Commissioners shall forthwith after the holding of said election, prepare and file with the Clerk of this Board a certificate showing the result of said election.

BE IT FURTHER RESOLVED AND ORDERED, that a certified copy of this resolution be furnished to the said Grenada County Election Commissioners for their information and guidance in calling and holding said election, and that a certified copy hereof be likewise furnished to the Mississippi Agricultural and Industrial Board.

Adopted in an adjourned meeting of this Board, on this the 23 day of June, 1954, with all members of the Board present, after having been read by sections and in full, by the following vote on sections and as a whole, to-wit: Voting Yea: B. L. Fox, Lewis Williams, J. W. Bowen, A. V. Clark and B. G. Sanders. Voting Nay: None. Absent and not voting: None.

TIME SAVERS

When grating dry bread to be used in meat loaf, casseroles, etc., use a large paper bag and grate inside it. This saves cleaning crumbs from counter tops.

Even better, place toasted bread in bag. Close bag and roll out crumbs with rolling pin. These will not be as fine as grating, however.

To save washing measuring cups so often, measure dry ingredients first then use the same cup to measure liquids.

To save washing muffin pans, use paper liners for cup cakes. To ice cup cakes, dip them into icing.

Use a rubber spatula to clean bowls, pots and pans. Less waste and less washing.

To save dish washing, serve meat, potatoes and vegetables all on same large chop plate.

For cleaning ovens—use household ammonia.
Don't peel potatoes—cook them in skins—their slip peeling off.

Plastic mixing bowls are light weight and mean less breakage.

Use child's white stocking over rolling pin. Cut the foot of the stocking off. The ribbed cotton holds flour well and does not stick.

Use dust cloths in dusting. One in each hand.

To keep food warm—use inverted cake pans over it.

Use aluminum foil—Under pie pan to catch spill overs.
Line broiler pan—no rack.
Line cookie sheets.
Use when you have no lid for a pot or pan.

If you have a hard time finding the string to a light in the closet, paint the string with aluminum paint, then it will glow in the dark.

Put slip covers in washer—don't let completely dry—place on chair and smooth out. You won't have to press them this way.

Embroidery Thread—Place all colors on cardboard or plywood with notches for thread to fit in and thread will never get tangled. All colors can easily be seen.

Pipe cleaners for rolling hair—children's, and that hard to pin hair around the neck.

this is my newest gas helper

HERE'S HOW A GAS INCINERATOR CAN HELP YOU!

★ Saves you work—a step to your gas incinerator, in goes trash and gas does the rest. Changes bushels of refuse to cupfuls of ashes you can sprinkle on flower-beds occasionally.

★ Saves you bother—what if the trash man doesn't come or it's bad weather? With a gas incinerator you don't have to bother — you get rid of trash before it piles up.

★ Saves you from pests—your gas incinerator cuts out odors and dirty pests for good. It's wonderful in summer!

★ Saves Sorting trash—an automatic gas incinerator takes all you can put in a sink grinder—plus much that breaks or clogs a mechanical grinder—old clothes, cartons, bones, vacuum cleaner dirt.

★ Nothing to wear out—your gas incinerator has no moving parts—no blades to get dull—no motor to wear out. And it costs surprisingly little—even less than an average gas water heater. See the gas incinerator at your friendly gas appliance dealers.
